Re: Proposed Policy Memo Regarding Preliminary Matters:

In an attempt to streamline the hearing process, the WOGCC requests that all attorneys provide a written document regarding preliminary matters (10 copies) thirty minutes prior to the start of the monthly hearings. The document will identify the applicant, protested party (if applicable), docket number and request to the Commission (i.e. continue, withdrawal, etc.) for each matter.

This policy, which will be effective starting with the March 2019 WOGCC hearings, will hopefully reduce the time for preliminary matters and provide for a more efficient use of the Commissioner's time.
