SUBJECT: Modified Form 2 “Operator’s Monthly Report of Wells”

DATE: April 12, 2013

In order to more accurately account for gas volumes flared on lease, the Wyoming Oil and Gas Conservation Commission has modified its Form 2 “Operator’s Monthly Report of Wells”. I am therefore requesting you provide to the Commission, on Form 2, the monthly volumes of gas that were used for beneficial use and the amounts flared.

The new Form 2 can be obtained by contacting Sherrill Ondler or Kim Norris with this office at 307-234-7147, or by email sherrill.ondler@wyo.gov or kim.norris@wyo.gov.
